

Thailand is a vibrant country with a rich cultural history and a high-potential economy. But as a middle-income country, it is not without its challenges and an estimated one million children in Thailand are living in vulnerable conditions.

Safe Child Thailand has been supporting vulnerable children and families in Thailand for over 40 years. In the past year alone, we have directly supported more than 9,000 children and their families in six provinces across Thailand.

In Nong Khai, we provided essential support, and child protection training on the Thailand-Myanmar border. In Bangkok Lat Krabang, we assisted families with children with disabilities through therapy and training. In Mae Sot, we improved educational opportunities with scholarships, vocational training, and English classes. Nationally, we advocated for alternative childcare, supporting the transition of an orphanage to a family support centre in Chiang Mai.

None of Safe Child Thailand's work is possible without the generosity of our donors and with your support this Christmas, we can be there for more children than ever before. Thank you so much for your kindness, together we can make a difference.

Every child deserves to be safe and happy

This is the impact your support could make:

£17 a month can keep a family together through income support

£50 will support a child and a teacher with mental health training, emotional wellbeing support, and coaching from a professional

£125 would provide emergency shelter and food for an unaccompanied child for a month

Every gift you give is valuable

Thank You!

As we approach the festive season, I am delighted to be able to share many heart-warming stories within this appeal. As you will read, the team at Safe Child Thailand, with our Thai partners, have been extremely busy facilitating outstanding projects. I would like to highlight two of the many children we have supported. Win, with Cerebral Palsy, is learning to walk with physiotherapy, and Pia, in Northeastern Thailand, received an educational scholarship and is now in her final university year.

These are just two examples of the many children and young people we are able to help throughout Thailand and it is all because of your generous donations. Despite financial challenges in the UK, your continued support enables Safe Child Thailand to assist thousands of children.

I sincerely thank you for your generosity.

I would like to wish you, your family and friends, a peaceful and Merry Christmas from all of us here at Safe Child Thailand.

With warmest thanks,

Pete Brady

Remember Win?

Pia's Journey

We are delighted to share the heart-warming journey of Pia, a resilient young woman who has found solace and support through the Outreach programme.

Situated in Northeastern Thailand, the Outreach programme has been a vital lifeline for Pia's family.

The Garden of Eden

The Garden of Eden is a special haven for children and young people, offering a healing space for play and the discovery of sustainable vegetable cultivation.

It serves as an educational hub where children learn farming and gardening skills. Some teenagers even sell their produce at the nearby market.

This nurturing environment fosters personal growth, a sense of belonging, and a strong community spirit.
